Extension Office Changes

Because of the devastating tornado that hit Westmoreland and our office, we are temporarily relocating into a conference room downstairs in the Sunflower Room, still in the same location, 612 E. Campbell. Please enter downstairs and we will assist you with your needs. Our office hours will be normal; 8-4:30. We have some staff working remotely each day to accommodate to a smaller working space, so if you can, please call ahead to make an appointment if you need to see a certain person in our office. This assures the correct person will be available for you when you come in.

This is a very crazy time that we are all trying to navigate as we move forward. There will be different struggles that come up that we will all work through together.

Electronics Program

We have a community member who is graciously hosting a program for our Electric projects! This will take place June 22nd at 9:00am at the Wamego Senior Center! If you plan to attend, please RSVP at this link by Thursday June 20th

FACS Judging

We are bringing back the in person FACS contest at Pre-Fair! We will not offer the virtual contest this year. This will take place in a classroom at the Highschool in Onaga the day of Pre-Fair. All the divisions will be represented. The contest will be open that entire day, so if you have to be at the Fairgrounds getting arts and crafts judged you can still have time to get to the Highschool after that is done. Let Erin know if you have any questions about it!
